

Metal Magic

4300 AD – The goal is total domination of the universe. The **SPACELORDS** direct their mighty spaceships throughout the Milky Way and control their gigantic robots in battle, while their armies sweep the worlds of the long-lost Imperium.

The miniature contained in this blister is just one of a vast range of **SPACELORDS** miniatures from **Metal Magic** depicting the warriors, creatures and technical equipment of the **SPACE-LORDS** universe.

Metal Magic miniatures are hand-cast and can be used for tabletop battles, role-playing games and diorama building. They can be painted using acrylic, enamel, oil or other forms of paint. We recommend undercoating before painting.
